EC Certificate of Factory Production Control (FPC) 2273 – CPR – 0558

In compliance with Regulation 305/2011/EU of the European Parliament and of the Council of 9 March 2011 (the Construction Products Regulation or CPR) it has been stated that the construction product:

Structural Components for Steel Structures

| Harmonised | Type / Execution Class of the Construction Product | Declaration Method |
|------------------------------|---|---|
| BS EN 1090-1: 2009 + A1:2011 | Load bearing and welded structural steel components up to EXC 2 according to BS EN 1090-2:2018 and aluminium structural components and structures according to BS EN 1090-3:2019 | 1, 2, 3a and 3b table A.1 of BS EN 1090-1: 2009 + A1:2011 |

placed on the market by

PSP Architectural Ltd

Unit 11, All Saints Industrial Estate, Shildon, Co Durham, DL4 2RD

and produced in the factory(ies)

Unit 11, All Saints Industrial Estate, Shildon, Co Durham, DL4 2RD

is submitted by the manufacturer to the initial type-testing of the product, a factory production control and to the further testing of samples taken at the factory in accordance with a prescribed test plan and that the notified body No. 2273 – Steel Construction Certification Scheme Ltd - has performed the initial inspection of the factory and of the factory production control and performs the continuous surveillance, assessment and approval of the factory production control.

Attestation

This certificate attests that all provisions concerning the attestation of factory production control described in Annex ZA of the standard: **BS EN 1090-1: 2009 + A1:2011** were applied.

Date of first issue

October 2016

Date of this issue

24 September 2019

Date of expiry

23 September 2022

Validity Period

This certificate remains valid as long as the conditions laid down in the harmonised standard in reference or the manufacturing conditions in the factory or the FPC itself are not modified significantly.

This certificate will remain current subject to the company maintaining its system to the required standard. This will be monitored regularly by Steel Construction Certification Scheme Ltd. Further clarification regarding the scope of this certificate and the applicability of the relevant standards requirements (see welding certificate) may be obtained by consulting Steel Construction Certification Scheme Ltd.
